President's Letter – Doug AA3S

General and Galactic PVRC Meeting - No Circle!

Those of you following the PVRC Reflector for at least several months have noticed that the monthly Newsletter is available before the start of the month for which it is named. For you and other 'early adopters', this February Newsletter will be a reminder that your PVRC VP, Jerome K8LF, has organized another all-PVRC get-together, the Galactic Lunch, via zoom for Saturday Feb 3, 2024 01:00 PM Eastern Time featuring a PVRC speaker and an ARRL speaker.

A significant every-fourth-year contest event (although not a PVRC 5M contest since it has no club competition) is the World Radiosport Team Championship ([WRTC](#)). It has many teams of two qualified operators who compete against the other 2-person teams on an approximately level radio playing field to determine who is the best contest team in the world.

I say "qualified" because you don't just walk up to the starting gate on game day and join this team competition; there is a long qualification period of establishing high and qualifying performance in the standard yearly contests. Over the years many PVRC members have qualified and participated. Some of you heard two of those (Rich NN3W and Mark KD4D) recount their interesting experiences July last year at a PVRC Laurel Chapter meeting. Every experience at WRTC is different for sure, so even if you attended last year, the story Tim N3QE tells will be new (no doubt he will mention that their Team's operating position was in a hot airplane hanger, a very active hanger at one point as it turned out...).

The second presentation is of particular interest to me so I can learn whether this ARRL Teachers Institute initiative to increase Science Technology Engineering & Mathematics (STEM) capability in youth by "teaching the Teacher" has the potential for 'moving the needle' that I think it might: one teacher can influence hundreds of students over his/her teaching career! Big bang for the buck and a force multiplier. Especially under the relatively recent leadership of our speaker, Steve Goodgame K5ATA, from ARRL Teachers Institute.

Follow the PVRC Reflector for the meeting link and other PVRC news and interesting info.

Go PVRC!

73, Doug --- AA3S

PVRC Officers:		Trustees:
President:	AA3S Doug Hart	K3MM, N3OC, K2AV, N1RM, W3LPL, N3KN, W2RU, W3LL, N4RA
Vice President:	K3WA Bill Axelrod	
Vice President:	K8LF Jerome Svinicki	
Secretary:	N3QE Tim Shoppa	
Treasurer:	WA3AER Ted Bauer	
		PVRC Charter Members (all SK):
		W3GRF, W4AAV, W4KFC, N0FFZ, W4LUE, W7YS, VP2VI/W0DX, W3IKN, W4KFT, W4RQR, W4MKM, W4BFO, W4CC, W4IA

PVRCer House/Land for Sale – Carl WB4ZNH

If anyone is looking for a location for contesting or DXing. I'm selling 10 acres with **no** restrictive covenants in Prince William County Virginia. Big house, secluded, concrete base for Rohn 45 and guy anchors. Tower was approved by Prince William County zoning and engineering drawings were accepted and approved. Former QTH of WB4ZNH and WN4FVU (SK). Going on the market in March. Contact me at wb4znh@gmail.com

Support Our Newsletter Advertisers!

Save the Date: PVRC Galactic Lunch: Feb 3 2024 1300 ET – Jerome K8LF

The PVRC chapter wide yearly event with President & Treasurer comments and guest speakers. We have two great main presentations:

- HF World Championship 2023 Experience - Tim N3QE
- ARRL Teachers Institute (TI) - Steve K5ATA

A Zoom invite has been sent via the PVRC reflector and will be repeated closer to the event on Feb 3rd.

Annapolis Chapter Celebrates K3LU's Birthday – Dan K2YWE

L to R: K3LU, WK3A, WA3EKL, N3DPB, W3ICM, W3OU, N3BTM, K3RA (K2YWE missing - taking the picture)

PVRC Operating Position Potpourri

K1BZ in Augusta, ME

Left to right:

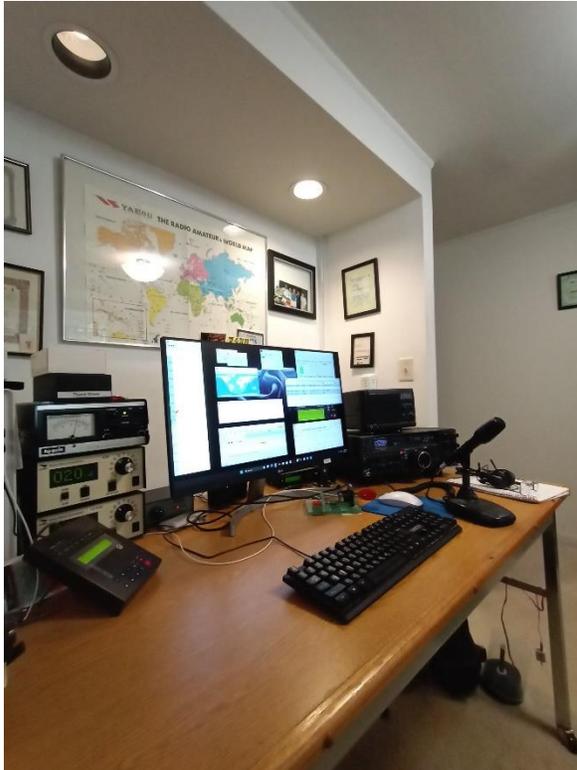

- 10 MHz WSPR dedicated laptop to Yeasu FT817 to 10 MHz GP
- Upper K3s HF watch ops to a Window
- Lower K3 contest and search ops w/ KPA500 to 160 G5RV
- 475.7 kHz (630 Meters) WSPR laptop to KX3 driving a Monitor Sensors transverter to base loaded 160 inverted L.
- Plus scope and spectrum analyzer for signal measurement.

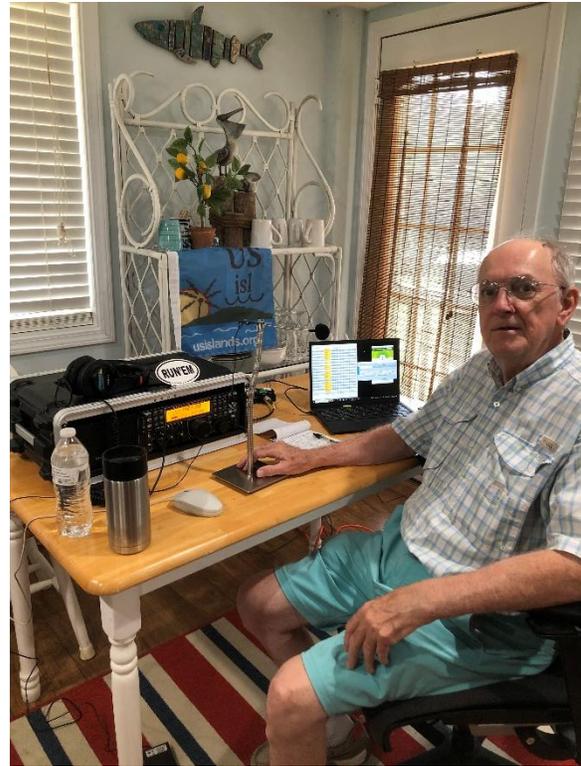

WX3B: I added a small window at the top my my PC display for a native Spectral display. This is especially useful when operating remote.

Dana, N6DW

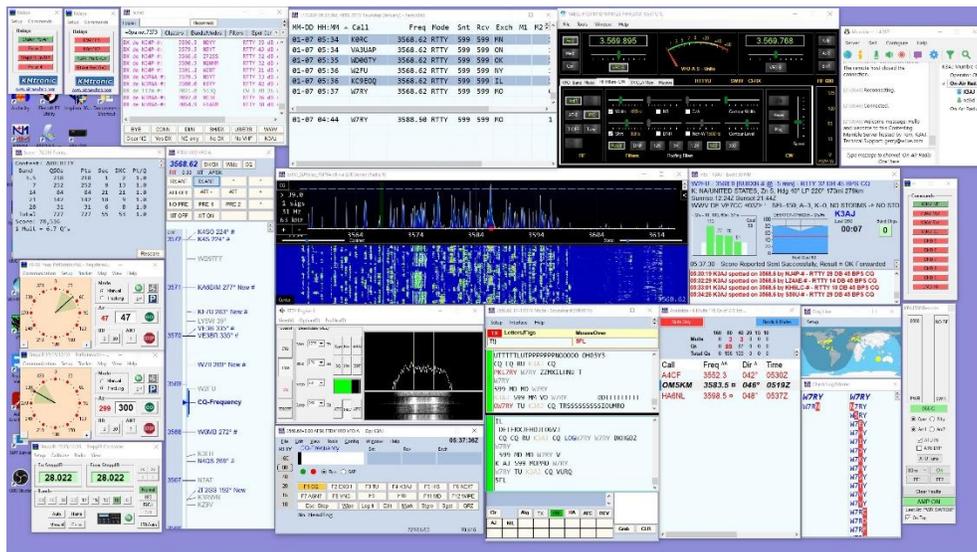

Mike W4RN – One of three operating positions to six antennas with lockouts.

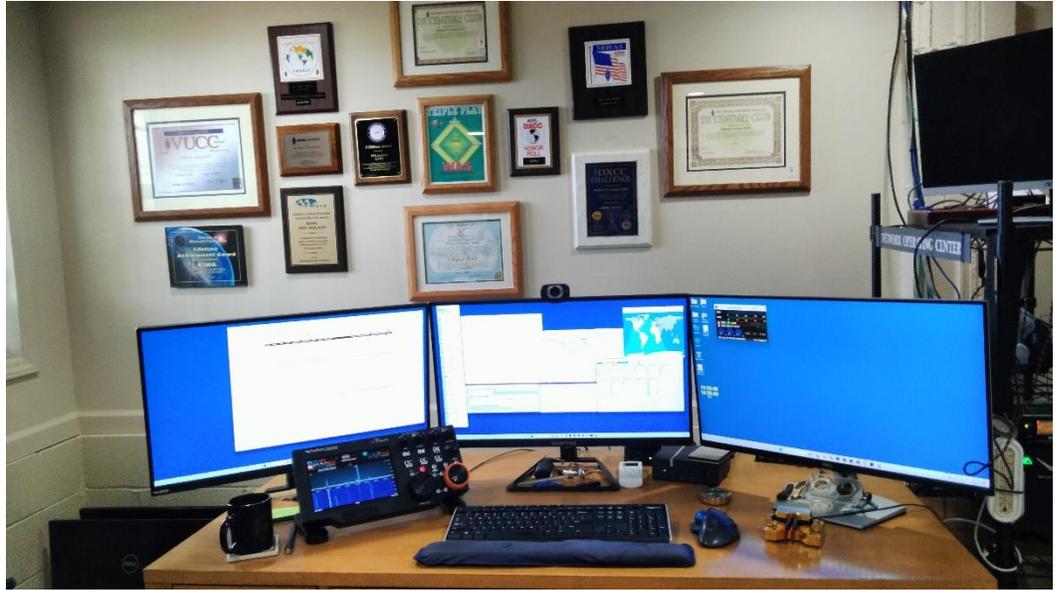

Henry K4TMC at Atlantic Beach NC

K3AJ - a screenshot of what the remote operators see at K3AJ. Not exactly a shack picture - a virtual shack picture! This is all spread over a 27" monitor in the shack. The remote operators use remote desktop software (VNC Server/Viewer) to see and control this display from their computers. This is from a RTTY contest (RTTY RU), so it is especially busy.

Bill K3WA

Mark K4SO Ergonomic layout with antenna selection centrally located. SixPak driven (both sides) by decoders on each K3. Easy to do the right parts.

Small monitor on YCCC box with LP-Pan and NaP3 as panadapter. I like it better than P3 on Rig #2. Both have LP-Pan, but only one little monitor.

Bud W3LL

Mike N4CF It shares space with my home office on a 10-foot homemade walnut desk. On the right is an Elecraft K4D transceiver, and in the left hutch bay a KPA500 amp sits on a KAT500 tuner. To the left of the hutch are the main DC power supply, a dummy load, antenna switch, a label printer, and the office computer.

Dave N4IW – My little pistol operating position. All wire antennas and no amplifier but I still have a lot of fun!

Jamie NS3T -I use a three monitor setup for contesting (you can only see the bottom of each monitor in the picture). I have a pair of TS-590SG rigs; I set the radios so that each one has a different color background. Each one has ICE-419A filters for SO2R operations. I also have remote antenna boxes for various bands on the shack table.

What you don't see in the photo is a microphone or CW key. I don't use either for contests. All of my CW is generated by the shack PC and I only use recorded voice files (plus the contest software Writelog) for SSB contesting.

Pete N4ZR - My shack in shambles as usual. corner desk unit from Ikea, set about a foot from the walls. Ground bus is 1" copper tubing, with very short ground jumpers to each piece of powered gear.

K3YDX – before he sold his K3.

Shack Happens

Chasing DXCC the Mobile Way – Bill N3WD

The DXCC Mobile award is available from the ARRL. No QSL cards or confirmations are required. The requirements are that all contacts must be made from a vehicle and that the setup must be able to be driven legally on the roads. All of the QSOs I used were made as part of a POTA (Parks on the Air), activation. Also, all the contacts were confirmed in LOTW.

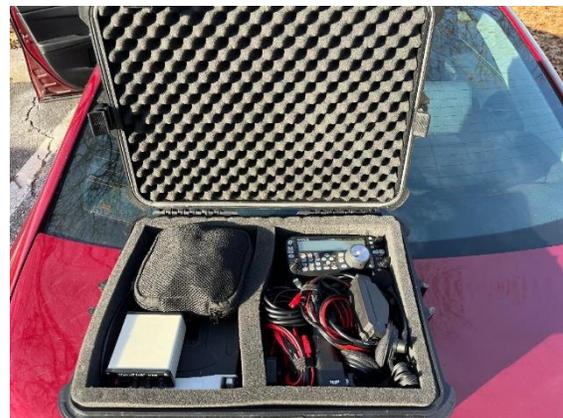

Here is my set up -

- **Vehicle** - 2017 Toyota Camry
- **Radio** - Kenwood TS-480 HX for SSB or Kenwood TS-480 SAT for digital.
- **Antenna for SSB** - Little Tarheel II mounted on the roof with a tri-mount. I use a 5ft whip on the top.
- **Antenna for Digital** - Hustler High Power Resonators or Tarheel HP-40A mounted on roof with tri-mount.

All the set-ups are street legal (below 13' 6") in total height and the vehicle can be driven with the set up operational. I have also used this type of set-up on multiple vehicles. Over time I have operated from 42 states, and 3 Canadian provinces. These operations were mainly on the 3.905 Century Club and OMISS nets.

While my setup will not break any DX pileups, I know it works. In the 25 months I have been participating in POTA I have achieved:

- 53 Awards with 147 endorsements.
- Contacting 2,140 unique parks worldwide including W8S.
- Activating parks 713 times in 286 unique parks in 8 different states and 1 Canadian province.
- Total QSO's 30,447.

The case on the right is a faux Pelican case that I purchased from Harbor Freight. On the left side is the TS-480 body. The small box is a Signa-Link that I use for digital, I mainly run FT-8 or FT-4. The mesh bag was from a long ago used headset I had for work. That contains all the non-power cables. The right side of the case contains the TS-480 head. On the bottom is a LDG 200 wat auto tuner. I also have the two power

cables for the TS-480. The TS-480HX requires two cables. Also, pictured is the up/down switch for the Tarheel antenna.

PVRC MD Metro Chapter Bling – Ed N1EK

PVRC MD Metro members received PVRC Olympics medals at the January 2024 meeting. (L-R) Ed, N1EK; Peter, W2CDO; Art, K3KU and John, N3AM. Tom, W3IDT and Tim, N3QE, in attendance, had received Olympics medals earlier."

George K6ETM Silent Key – Dave W4JVN

Here is a photo I took of George Sinclair, K6ETM who passed away in Sept 2023.

PVRC RTTY/Digital DXCC Standings – Frank W3LPL

Below are the RTTY/Digital DXCC totals for PVRC members, transcribed from the ARRL DXCC data as of the 20th of each month or so. Thanks to Frank for the data each month to make this a regular feature. Please report any omissions or errors to [Frank](#).

Editor’s Last Word – John K3TN

Thanks to WB4ZNH, K3RA, K3SX, K3KU, K8LF, K1BZ, WX3B, N6DW, W4RN, K4TMC, K3AJ, K3WA, K4SO, W3LL, N4CF, N4IW, NS3T, N4ZR, K3YDX, N3WD, N1EK, W4JVN and W3LPL for contributions to this issue of the PVRC newsletter.

The quality and usefulness of the PVRC newsletter depends on contributions from members. If you have photos from club meetings, screenshots of new contest software, or writeups on station improvements or contest war stories, send them in any format to [jpscator at aol dot com](mailto:jpscator@aol.com).

From the PVRC Treasurer – Ted WA3AER

PVRC has chosen not to implement an annual dues requirement. We depend on the generosity of all our club members to finance our annual budget. In addition, active PVRC members are expected to participate and submit logs for at least two PVRC Club Competition contests per year.

When contemplating your donation to PVRC, each member should consider the benefit you are receiving from PVRC and its many opportunities for your personal growth in our wonderful hobby, then donate accordingly.

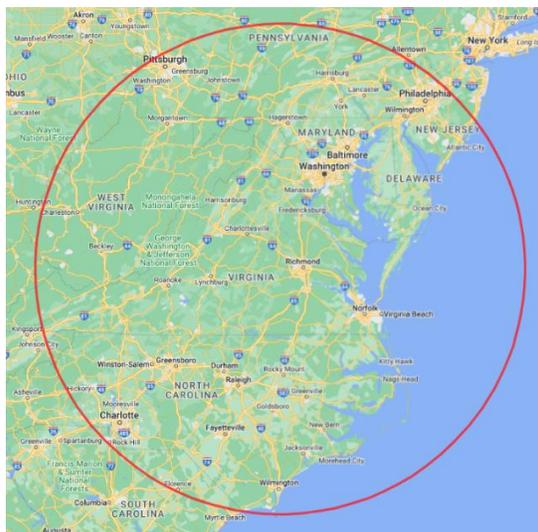

Direct donations to PVRC via Credit Card or PayPal may be made by clicking this "Donate" button and clicking the next Donate button that appears on your screen:

Donations to PVRC are not tax deductible

Eyeball QSO Directions

The latest info on local club meetings and get togethers will always be sent out on the [PVRC reflector](#) and posted on the PVRC [web site](#).

Now a Word From Our Sponsors

PVRC doesn't ask for dues, but the Club does have expenses. You can also support the Club by buying from the firms listed who advertise in the newsletter!

ELECRAFT K4

High-Performance Direct-Sampling SDR

A direct-sampling SDR you'll love to use

Our new K4 transceiver harnesses advanced signal processing while retaining the best aspects of the K3S and P3. It features a 7" touch display, plus a rich set of dedicated controls. Per-VFO transmit metering makes split mode foolproof. Band-stacking registers and per-receiver settings are versatile and intuitive. Control usage information is just one tap away thanks to a built-in help system.

Modular, hybrid architecture adapts to your needs

The basic K4 covers 160-6 m, with dual receive on the same or different bands. The K4D adds diversity receive, with a full set of band-pass filters for the second receiver. (Thanks to direct RF sampling, there's no need for crystal filters in either the K4 or K4D.) The K4HD adds a dual superhet module for extreme-signal environments. Any K4 model can be upgraded to the next level, and future enhancements—such as a planned internal VHF/UHF module—can be added as needed.

Single or dual panadapter, plus a high-resolution tuning aid

The main panadapter can be set up as single or dual. Separate from the main panadapter is our per-receiver *mini-pan* tuning aid, with a resampled bandwidth as narrow as +/- 1 kHz. You can turn it on by tapping either receiver's S-meter or by tapping on a signal of interest, then easily auto-spot or fine tune to the signal.

Comprehensive I/O, plus full remote control

The K4's rear panel includes all the analog and digital I/O you'll ever need. All K-line accessories are supported, including amps, ATUs, and our K-Pod controller. The USB display output supports its own user-specified format. Via Ethernet, the K4 can be 100% remote controlled from a PC, notebook, tablet, or even another K4, with panadapter data included in all remote displays. Work the world from anywhere—in style!

K4 KEY FEATURES

Optimized for ease of use

Modular, upgradeable design

7" color screen with touch and mouse control

ATU with 10:1+ range, 3 antenna jacks

Up to 5 receive antenna sources

Full remote control via Ethernet

The K4 interfaces seamlessly with the KPA500 and KPA1500 amplifiers

'The performance of their products is only eclipsed by their service and support. Truly amazing!' Joe - W1GO

HAM RADIO OUTLET®

WWW.HAMRADIO.COM

***Free Shipping and Fast Delivery!**

IC-9700 | All Mode Tri-Band Transceiver

• VHF/UHF/1.2GHz • Direct Sampling Now Enters the VHF/UHF Arena • 4.3" Touch Screen Color TFT LCD • Real-Time, High-Speed Spectrum Scope & Waterfall Display • Smooth Satellite Operation

IC-718 | HF Transceiver

• 160-10M** • 100W • 12V operation • Simple to use • CW Keyer Built-in • One touch band switching • Direct frequency input • VOX Built-in • Band stacking register • IF shift • 101 memories

IC-V3500 | 144MHz FM Mobile

• 65W of Power for Long Range Communications • 4.5 Watts Loud & Clear Audio • Modern White Display & Simple Operation • Weather Channel Receive & Alert Function

IC-7851 | HF/50MHz Transceiver

• 1.2kHz "Optimum" roofing filter • New local oscillator design • Improved phase noise • Improved spectrum scope • Dual scope function • Enhanced mouse operation for spectrum scope

IC-705 | HF/50/144/430 MHz All Mode Transceiver

• RF Direct Sampling • Real-Time Spectrum Scope and Waterfall Display • Large Color Touch Screen • Supports QRP/QRPP • Bluetooth® and Wireless LAN Built-in

IC-2300H | VHF FM Transceiver

• 65W RF Output Power • 4.5W Audio Output • MIL-STD 810 G Specifications • 207 alphanumeric Memory Channels • Built-in CTCSS/DTCS Encode/Decode • DMS

IC-7300 | HF/50MHz Transceiver

• RF Direct Sampling System • New "IP+" Function • Class Leading RMDR and Phase Noise Characteristics • 15 Discrete Band-Pass Filters • Built-In Automatic Antenna Tuner

IC-7100 | All Mode Transceiver

• HF/50/144/430/440 MHz Multi-band, Multi-mode, IF DSP • D-STAR DV Mode (Digital Voice + Data) • Intuitive Touch Screen Interface • Built-in RTTY Functions

IC-V86 | VHF 7W HT

• 7W Output Power Plus New Antenna Provides 1.5 Times More Coverage • More Audio, 1500 mW Audio Output • IP54 & MIL-STD 810G-Rugged Design Against Dust & Water • 19 Hours of Long Lasting Battery Life • 200 Memory Channels, 1 Call Channel & 6 Scan Edges

IC-7610 | HF/50 MHz All Mode Transceiver

• Large 7-inch color display with high resolution real-time spectrum scope and waterfall • Independent direct sampling receivers capable of receiving two bands/two modes simultaneously

IC-2730A | VHF/UHF Dual Band Transceiver

• VHF/VHF, UHF/UHF simultaneous receive • 50 watts of output on VHF and UHF • Optional VS-3 Bluetooth® headset • Easy-to-See large white backlight LCD • Controller attachment to the main Unit

NEW

IC-T10 | Rugged 144/430 MHz Dual Band

• Disaster Ready - Excellent Fit for Your Emergency Bag • Loud Audio - New Speaker Design • Long Battery Life - Up to 11 Hours • FM Broadcast & Weather Channels

IC-R8600 | Wideband SDR Receiver

10 kHz to 3 GHz Super Wideband Coverage • Real-time Spectrum Scope w/Waterfall Function • Remote Control Function through IP Network or USB Cable • Decodes Digital Incl P25, NXDN™, D-STAR • SD Card Slot for Receiver Recorder

IC-5100 AD VHF/UHF Dual Band Digital Transceiver

• Analog FM/D-Star DV Mode • SD Card Slot for Voice & Data Storage • 50W Output on VHF/UHF Bands • Integrated GPS Receiver • AM Airband Dualwatch

ID-52A | VHF/UHF D-STAR Portable

• Bluetooth® Communication • Simultaneous Reception in V/V, U/U, V/U and DV/DV • Enriched D-STAR® Features Including the Terminal Mode/Access Point Mode • UHF (225~374.995MHz) Air Band Reception

HAM RADIO OUTLET®

WWW.HAMRADIO.COM

Family owned and operated since 1971

FTDX101MP | 200W HF/50MHz Transceiver

- Hybrid SDR Configuration • Unparalleled 70 dB Max. Attenuation VC-Tune • New Generation Scope Display 3DSS • ABI (Active Band Indicator) & MPVD (Multi-Purpose VFO Outer Dial) • PC Remote Control Software to Expand the Operating Range • Includes External Power With Matching Front Speaker

FTDX10 | HF/50MHz 100 W SDR Transceiver

- Narrow Band and Direct Sampling SDR • Down Conversion, 9MHz IF Roofing Filters Produce Excellent Shape Factor • 5" Full-Color Touch Panel w/3D Spectrum Stream • High Speed Auto Antenna Tuner • Microphone Amplifier w/3-Stage Parametric Equalizer • Remote Operation w/optional LAN Unit (SCU-LAN10)

FT-991A | HF/VHF/UHF All Mode Transceiver

Real-time Spectrum Scope with Automatic Scope Control • Multi-color waterfall display • State of the art 32-bit Digital Signal Processing System • 3kHz Roofing Filter for enhanced performance • 3.5 Inch Full Color TFT USB Capable • Internal Automatic Antenna Tuner • High Accuracy TCXO

FTDX101D | HF + 6M Transceiver

- Narrow Band SDR & Direct Sampling SDR • Crystal Roofing Filters Phenomenal Multi-Signal Receiving Characteristics • Unparalleled - 70dB Maximum Attenuation VC-Tune • 15 Separate (HAM 10 + GEN 5) Powerful Band Pass Filters • New Generation Scope Displays 3-Dimensional Spectrum Stream

FT-710 Aess | HF/50MHz 100W SDR Transceiver

- Unmatched SDR Receiving Performance • Band Pass Filters Dedicated for the Amateur Bands • High Res 4.3-inch TFT Color Touch Display • AESS: Acoustic Enhanced Speaker System with SP-40 For High-Fidelity Audio • Built-in High Speed Auto Antenna Tuner

FT-891 | HF+50 MHz All Mode Mobile Transceiver

Stable 100 Watt Output • 32-Bit IF DSP • Large Dot Matrix LCD Display with Quick Spectrum Scope • USB Port Allows Connection to a PC with a Single Cable • CAT Control, PTT/RTTY Control

FTM-300DR | C4FM/FM 144/430MHz Dual Band

- 50W Output Power • Real Dual Band Operation • Full Color TFT Display • Band Scope • Built-in Bluetooth • WIRES-X Portable Digital Node/Fixed Node with HRI-200

FT-2980R | Heavy-Duty 80W 2M FM Transceiver

- 80 watts of RF power • Large 6 digit backlit LCD display for excellent visibility • 200 memory channels for serious users

FTM-200DR | C4FM/FM 144/430MHz Dual Band

- 1200/9600bps APRS® Data Communications • 2" High-Res Full-Color TFT Display • High-Speed Band Scope • Advanced C4FM Digital Mode • Voice Recording Function for TX/RX

FTM-500DR | C4FM/FM 144/430MHz Dual Band Xcvr

- Front Firing Acoustically Enhanced Speaker System • True Dual Band Operation, C4FM/C4FM Digital D-D Dual Receive • 2.4" High-Resolution Full-Color Touch Panel Display • Built-in High Precision GPS Receiver • Wireless Operation Capability with Optional Bluetooth® Headset

FT-70DR C4FM/FM 144/430MHz Xcvr

- System Fusion Compatible • Large Front Speaker delivers 700 mW of Loud Audio Output • Automatic Mode Select detects C4FM or Fm Analog and Switches Accordingly • Huge 1,105 Channel Memory Capacity • External DC Jack for DC Supply and Battery Charging

FT-5DR C4FM/FM 144/430 MHz Dual Band

- High-Res Full-Color Touch Screen TFT LCD Display • Easy Hands-Free Operation w/Built-In Bluetooth® Unit • Built-In High Precision GPS Antenna • 1200/9600bps APRS Data Communications • Supports Simultaneous C4FM Digital • Micro SD Card Slot

FT-65R | 144/430 MHz Transceiver

Compact Commercial Grade Rugged Design • Large Front Speaker Delivers 1W of Powerful Clear Audio • 5 Watts of Reliable RF Power Within a compact Body • 3.5-Hour Rapid Charger Included • Large White LED Flashlight, Alarm and Quick Home Channel Access

FTM-6000R | 50W VHF/UHF Mobile Transceiver

- All New User Operating Interface-E20-III (Easy to Operate-III) • Robust Speaker Delivers 3W of Clear, Crisp Receive Audio • Detachable Front Panel Can Be Mounted in Multiple Positions • Supports Optional Bluetooth® Wireless Operation Using the SSM-BT10 or a Commercially Available Bluetooth® Headset
