President's Letter – Bill K3WA

April showers, May flowers, phooey. Flowers don't get on the air. They don't chase mults. They don't pay attention to BIC time. And they don't care about their 5M or Olympics standings. We do!

As we near the end of the 2025-2026 contest season it's time to take a look at where we stand and what we have left to do to achieve our goals. There are only four more 5M contests this season: the CQMM DX, CQ WPX CW, ARRL Digital, and ARRL June VHF contests. I hope to see all y'all there.

The other day I was looking at the results of the 2025 CQ WW DX contests. KL2A (KP4AA) and W2SC (8P5A) made a big winning splash, as did the W3LPL and K3LR teams. Jeff N8II won in the low power category in both the CW and SSB! The AG4TT (N4GU) team was number 1 in Multi1 LP. Outstanding!

Two of our members made the top ten list in both CW and SSB - Jeff N8II and Jamie NS3T. Nate N4YDU made a phenomenal top 10 score as AA4NC.

We had six (7) multi-op teams placing in the Top Ten ranks in various categories: AG4TT, K4OV, N3XM, NJ4P, W4NF, WG3J, and WA3EKL. Thanks for giving so many team members a chance to operate at such a high level

Well done to all of you who participated. Every score counts. That's the PVRC Spirit!

GO PVRC!

73 and have fun... Bill K3WA

A Worked All European Entities Personal Challenge – Zory KB3VQC

Many hams in the U.S. (and elsewhere) strive to achieve Worked All (U.S.) States by a variety of bands and modes. Similarly, many European hams (and others) strive to work all European entities. Officially, there are about 73 entities in the DARC ham radio contest definition of “Europe”. The [entity list](#) is shown below. It led me to a number of interesting, unexpected entities/enclaves, such as Ceuta & Melilla, Dodecanese, Market Reef, San Marino, Vatican City State, Franz Josef Land, Jan Mayen, and Svalbard.

WAE Country List

1A0, 3A, 4O, 4U1I, 4U1V, 9A, 9H, C3, CT, CU, DL, E7, EA, EA6, EI, ER, ES, EU, F, G, GD, GI, GJ, GM, GM/s, GU, GW, HA, HB, HB0, HV, I, IS, IT (without IG9/IH9 Zone 33), JW, JW/b, JX, LA, LX, LY, LZ, OE, OH, OH0, OJ0, OK, OM, ON, OY, OZ, PA, R1F, RA, RA2, S5, SM, SP, SV, SV/A, SV5, SV9, T7, TA1, TF, TK, UR, YL, YO, YU, Z6, Z3, ZA, ZB.

Since learning about the 2024 WAE contest schedule and the series of related events (and actually achieving some “wallpaper” earned while participating in other DARC contests), I chose to attempt to work the WAE as a personal *challenge* (rather than as a *contest*), and to do so as a Mixed Band, Mixed Mode challenge, to be achieved over a current portion of my active/licensed ham career, rather than as a series of single-mode, weekend events offered by the DARC during the calendar year. During the past year or so, I have worked (and confirmed) all but a few of the total number of entities. Among those currently missing are Kosovo, & Mount Athos.

My general assumption regarding an advantage of working the WAE during the actual (i.e., scheduled) contest is that all the European stations will actually be “on the air”, at least during some of the designated contest date(s). Experience has now convinced me that attempting to work on calendar dates other than during the actual contest stations that are very rarely on the air (such as Mount Athos, Jan Mayen, & Franz Joseph Land), presents an additional, and significant operating challenge.

While working on my WAE personal challenge, I have improved my DX (and hopefully also my contesting) operating skills. I am proud to have achieved DXCC by phone, mixed, CW, and Digi (mostly RTTY) modes, along with 8-Band DXCC (80-10m, and getting close on 160m), with 200+ entities confirmed, a band-mode challenge total of 1100+, and 40 CQ DX Zones confirmed on mixed and Digi modes. I am now at almost 16 million PVRC 5M contesting points, with scores from about 6 additional tests waiting to be posted. Note that all my 5M points were earned as a guest op/member of the operating team at several local stations. Special thanks are offered for the kind permission (and frequent, support, and encouragement) of Alan WA3EKL and Susan N3DPB Hoffmaster, for permitting the use of their beautiful ham station, located in Severn, MD.

I shared a draft of these notes with a few ham associates whose opinion I value. Doug AA3S felt that my enthusiasm for working toward the WAE self-challenge might motivate others to work more DX and submit logs to the CQ DX Club competition, and benefit PVRC in the DX Marathon Club Competition” as Frank W3LPL has previously stressed.
